## Every student, every day, whatever it takes!

*"Alone we can do so; together we can do so much."*

*Helen Keller*

On May 1, 2023, Burnett Students received their Semester 2, term 1 report cards, and it comes as no surprise to anyone that "Parents want their kids to be successful." Parents want to do what is best for their children; they want to help. One of the best ways to help is to create a strong partnership. When parents and educators reach out to each other and collaborate as partners in educating students, everyone benefit. Parents feel empowered, and teachers feel supported.

Parents are empowered to take active roles and are given tools to make time to reinforce the lessons learned at school, whether at home at the dinner table or anywhere they have a moment. Teachers and parents support each other as active and committed partners working toward common educational goals at school and at home.

However, the ones who benefit most from teacher-parent partnerships are students. Students learn and grow because they have a team of adults supporting them both at school and at home. They have a team of adults who believe in them and encourage them. They have a team of adults who help them set goals and hold them accountable at school and at home. If everyone is moving forward together, then success takes care of itself, both for teachers and students.

It takes effort and intention to create a systemic culture of family engagement. The results of which can have a huge impact on a student's success and their future. These partnerships create supportive school communities with everyone contributing to the success of students.

### **Championing Students and Their Learning**

### **Congratulations Grade 12 students on completing Capstone**

All of our Grade 12 students were required to complete a Capstone Project, a "learning journey" they took on during the 2022-2023 school year. Students used the language of the Core Competencies to frame and reflect on their experiences. Students were also tasked with making a short video of their "capstone experience." The results were personal, creative, thoughtful, and insightful; they revealed how powerful the learning at Burnett has been during this past year regardless of their interests, passions, and post-secondary pathways. On May 25th, a select group of Grade 12 students will present their "learning journey's" to Burnett's PAC. They will select 5 Legacy Scholarship winners based on these presentations.
