PRINCIPAL'S MESSAGE

September was a good month at Burnett Secondary. It has been wonderful to welcome back all our students to full-time attendance. We would like to thank all students and their families for their continued support in following all public health orders. Students have responded by completing daily health checks, wearing their masks, remaining socially distant, practicing good hand-hygiene, and being diligent when eating and socializing. We encourage all students to stay home when sick or showing any symptoms. Our teaching staff will be flexible in providing alternative learning and assessment as needed. Please don't hesitate to reach out to your teachers or counselor for support if you are remaining home for illness. Together we will continue to navigate these complex times. Our school remains a safe place to work and learn. We are looking forward to a good year of learning and personal growth for everyone.

I would like to thank our staff for their dedication and care in starting the 2021-2022 school year. There were many extra tasks associated with starting this school year successfully as the pandemic continues. I am especially thankful for the *culture of care, kindness, and compassion* for student well-being and learning that is cultivated each day at Burnett. As I walk around the school and visit classrooms, it is evident to me that our staff are dedicated to making their classrooms accessible to everyone and providing the supports needed for all learners to be successful and reach their goals.

The Terry Fox Run on September 15th was very successful. Our school raised over 1500 dollars for the Terry Fox Foundation. In the beautiful sunshine of a warm September day, our PE incentive 10 students led our entire community in a fun and energetic run/walk for Terry. Well done, Breakers! Another highlight in September was our annual grade 8 retreat. In a normal year, we take all of the grade 8 students to Camp Stillwood at Cultus Lake for two nights of fun, learning, and mentoring. This year our leadership team and our senior mentors provided a rich retreat experience at Burnett. It was great to see our students sharing in some fun activities while learning about each other and our school. We are hopeful that we may be able to do a larger event in spring. The month ended with our first National Day for Truth and Reconciliation. All staff participated in teaching students on the importance of our continued and sustained commitment to learning, understanding the truth about residential schools, and the stories of Canadian First Nations.

We have successfully introduced our new learning schedule for the 2021-2022 school year with *Burnett Learning Time* and *Staff Collaboration Time*. I would like to thank all parents/guardians and students for reading and embracing the information that we have sent out through MyEdBC email and the mail since June. As I talk with students, it is encouraging to hear many students say that they are using BLT to support their learning, pursue passions, and attend to their well-being and health. Please read the brief update below. All information about BLT is available on our website at [Burnett Learning Time](#).

We are looking forward to the month of October. Happy Thanksgiving to all families.

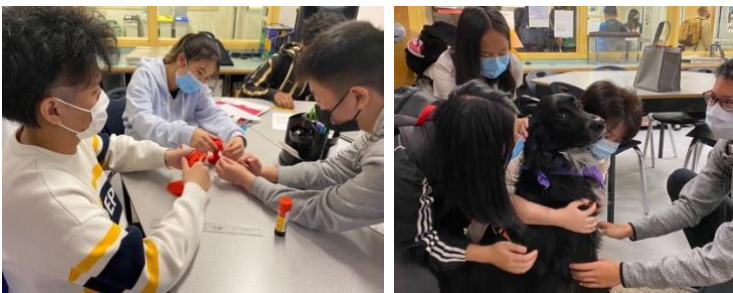

Mr. D. Ratzlaff

Learning in Focus

ELL

In ELL 1/2 we spent some time being creative by making classroom objects out of play dough and asking others to guess what they were.

In ELL 1/2 and 4 we've been learning about Jet's rescue story and how Jet can help relieve stress in the classroom by being someone to talk to and hug. Jet loves his job and never gets tired of being the center of attention.

MAKER CLUB

Burnett has its first Maker Club! Last Monday was our first meeting in the library. Students decided on the different crafts they want to do in the coming semester. We started with crocheting, magnet- and button making, origami, and LEGO building. While crafting, students are forming friendships and honing their social skills. Some of our members are using BLT time to work on their unique creations. Why not join Burnett's Maker Club? Our upcoming meeting dates are October 4, 18, November 1 and 15 and December 6 at lunch in the library: Everybody is welcome. Discover the Maker in you!

ATHLETICS

We are pleased to welcome athletics safely back to J.N. Burnett Secondary. We would like to welcome Mr. Peter Yu to his new role as Athletic Director. Fall sports are underway. Thank you to our teacher sponsors/coaches and community coaches for volunteering their time. At this time only staff and current students can attend games at Richmond Schools.

TERRY FOX RUN

JN Burnett students and staff participated in the Annual Terry Fox Run event on September 15. Classes walked or ran a 2 km route around the school to "Try like Terry" and show our commitment to his legacy, leadership, and inspiration.

Mrs. Reidy and her PE 10 incentive Breaker students publicized the event and encouraged along the way, handing out Terry Fox Tattoos to everyone as they crossed the finish line. Mrs. Carv and her photography students captured great photos, and the Access students of Mrs. Keng and Mr. Lim, created a beautiful collage.

Many resources were shared with students and staff leading up to the event to share his story, and to personalize it for individuals. Sadly, many students have been directly impacted by cancer. We have raised over \$1700.00 and are still collecting contributions through the school cash online system. Thank you, Burnett Community! If you would like to access more information about Terry Fox, please visit www.terryfox.org

GRADE 8 RETREAT

On September 22nd and 23rd we were able to welcome grade 8 students to J.N. Burnett with our Grade 8 Retreat. Unfortunately, due to the pandemic we were not able to do our normal activities but we were able to find new ways of celebrating. Over two days, we were able to facilitate activities and a pizza lunch for the grade 8 students as a welcoming to the school. The day consisted of crafting friendship bracelets, relay activities, a tug-a-war, scooter races, etc. As well, Burnett Mentor Reya Lee generously provided care packages to the grade 8s. Thank you to all the administrators and teachers who helped us in this process. Without this, we would not have succeeded with this event. A special thanks to Ms. Carvalho for leading many of the activities during our bonding session.

DELTA LANGUAGE CHALLENGE

Information about this year's Delta Language Challenge is now posted on the Counselling Center Door. The deadline to return completed forms to your School Counsellor is October 29, 2021.

LATES AND ABSENCES

If your child will be absent or late please let us know by phoning our Early Warning

BURNETT LEARNING TIME UPDATE

Burnett Learning Time is providing many opportunities for students to deeply engage with and manage their learning. Thank you for your ongoing support. We have been pleased to see a very high rate of participation and engagement with BLT in the first two weeks. Students are learning to explore all possible options available to them in alignment with British Columbia's redesigned curriculum. We will continue to thoughtfully develop and review BLT as a learning community in the coming months. All documents related to BLT are available on our website at [Burnett Learning Time](#). Please continue to work with your children using the *Easy Weekly Planner* and the *Student Planning Guide* to review their personalized plan for BLT each week.

Guiding Principles for Burnett Learning Time

BLT is Self-Directed, Self-Managed, and Self-Regulated

BLT Enhances Curricular and Core Competency Development

BLT Builds on Individual Passions

BLT embraces the development of Self-Care, Self-Awareness, Physical, and Mental Health

NATIONAL DAY FOR TRUTH AND RECONCILIATION AT BURNETT SEPTEMBER 30, 2021

September 30th
The National Day for Truth and Reconciliation

Our
Commitment to
Truth and
Reconciliation
Everyday

Wings of Commitment:

Burnett's Ongoing Commitment to Truth, Reconciliation, Equity, and Inclusion

This eagle display, created in June 2021, speaks to JN Burnett's commitment to truth, reconciliation, equity, and inclusion. The eagle feathers represent over 500 voices of students and staff and our commitment to acknowledging Canada's First Nations, learning about and understanding Indigenous culture, reflecting on our country's history of systemic racism and its ongoing legacies, honouring our community's diversity, and promoting respect and kindness.

The feather outline was created by Gitksan artist Michelle Stoney, who currently lives in northwestern British Columbia. She designed the feather in response to the horrific discovery in May 2021 of unmarked burial sites at Tk'emlúps te Secwépemc residential school. Stoney states that, in her culture, eagles represent strength, wisdom, and healing; the human face at the base of her feather symbolizes the children who were taken from their families.

Each feather on the eagle display has been thoughtfully coloured by a Burnett student or staff member and states each personal commitment to truth, reconciliation, equity, and inclusion. As a school community, we understand that the path to reconciliation involves each individual taking on this commitment, which may look different for each person. Together, the feathers form the majestic wings of the eagle and serve as a visible reminder to our school of our commitments, both individually and collectively.

COUNSELLOR'S UPDATE

Our counselling department has undergone several changes in the first month of school. Mr. McDonnell (Sh-Z) has taken a personal leave for semester one. We were able to bring in a retired Burnett counselor, Mr. Almas, for the month of September. Our district HR department has been actively pursuing qualified counselors for our school. In the interim, we want students and families to know that Ms. Takada and Ms. Murad are available to all students for social-emotional and emergent needs that arise. In addition, our vice-principals are available to support students in the Sh-Z alpha with more routine requests around guidance as it relates to course management, planning, scholarships, and general questions related to school life and personal well-being. Students are always encouraged to reach out to staff members or any member of our administrative team through district email, dropping by or by making an appointment for support.

J.N. Burnett Secondary School Career Centre News

Ms. Carter the Burnett Career Information Advisor offers an abundance of resources and support for students who plan to go to post-secondary. Ms. Carter also provides career and educational planning information regarding post-secondary options.

To make an appointment with Ms. Carter, Career Information Advisor email: shcarter@sd38.bc.ca (appointments offered in person, over the phone or via zoom)

- The District 38 Career Programs Office is located at Cambie Secondary School
- We help interested students to register as an apprentice while in high school
- Training is in grades 11 or 12 and Working is ages 15-19 :

Get ahead... start Pre-Apprenticeship Technical Training in a Trade (Foundation Level 1) in high school

Courses count for high school graduation, college credit and industry certification

PROGRAM BROCHURES COMING SOON...
Found on Career Programs website and in the slot boards in or near your school's counselling centre.

Check out the below trades offered at SD38 Richmond

PLUMBING Day 2's (Sept. - June @ Palmer Secondary, including 4 weeks at Piping Industry College)

Through this ITA foundation program, students receive Level 1 technical training in this trade. Students will apply their knowledge by learning how to plan, design, install & service various types of piping systems. They also learn how to use industry specific tools and machinery. Students attend the IFA Piping Industry College for four non-consecutive weeks during the program.

Upon successful completion of this program, students will achieve technical training credit for the first of four levels towards Red Seal certification and can seek employment as apprentices.

PROGRAM PREREQUISITES

- Any Math 11 AND a Language Arts 11
- Physically able (tight spaces, moving heavy equipment)
- Successful result on district math assessment
- Physics 11 recommended

CREDITS AND CERTIFICATION EARNED

- Pass course work and ITA exam (blended) and earn Level 1 technical training certification (Certificate of Completion)
- Receive 16 credits (4 courses) at Grade 12 level

PROFESSIONAL COOK 1 Day 2's (Sept. - June @ Richmond Secondary) + subsequent July @ VCC

This ITA foundation program offers students an opportunity to receive Level 1 technical training in this trade. Students perform all phases of kitchen activities including the preparation and presentation of vegetables, soups, sauces, meat, fish and poultry, cold kitchen items: desserts, baking, pastry, basic menu planning/costing as well as knowledge of safety, sanitation and food storage, and customer relations. Students attend MANDATORY four weeks at VCC in July (includes ITA exams for Certificate of Qualification).

Upon successful completion of this program, students will achieve technical training credit for the first of three levels towards Red Seal certification.

PROGRAM PREREQUISITES

- Any Math 11 AND a Language Arts 11
- Able to work in a fast-paced, multi-tasking environment
- Successful result on district math assessment
- FoodSafe Level 1 Certification (can complete in summer prior to program start) / Foods coursework an asset

CREDITS AND CERTIFICATION EARNED

- Pass PC1 ITA exam, practical exam and course work to earn Level 1 technical training certification (Certificate of Qualification)
- Receive 16 credits (3 Cook courses + 1 WEL course) at Grade 12 level
- Any hours worked in the trade are registered with the ITA and go toward PC1 Level 1 completion

AIRCRAFT MAINTENANCE ENGINEER – M Full-time @ BCIT – Start date varies (see below**)

ONLY CURRENT GRADE 11 OR 12 STUDENTS MAY APPLY FOR THIS PROGRAM – Must start in Grade 12.

An Aircraft Maintenance Engineer (AME) is responsible for the upkeep (certification) of an aircraft after maintenance, inspection, repair or modification. This is an occupation requiring a high degree of responsibility and skill. Some of the skills learned include certifying airworthiness of aircraft, troubleshooting mechanical/electrical systems and adjusting and repairing systems according to strict specifications.

The program consists of 16 continuous months with short breaks between terms. SD38 covers tuition for the first term (4 months) ONLY and students are responsible for the tuition for terms 2, 3 and 4 (months 5-16).

PROGRAM PREREQUISITES

- Any Math 11 (min 60%) AND a Language Arts 12 (min 67% or 50% for English course)
- Must have Physics 11 (SD38 requirement)
- Successful result: BCIT Mechanical Reasoning Trades pre-entry test
- Recommend Auto Mechanics 11 and/or any Tech Ed 11
- Good colour vision, and interest in mechanics
- Participation in Air Cadets a plus

CREDITS AND CERTIFICATION EARNED

- Receive credit for Term 1 (of 4) toward AME certification and 16-20 secondary school Grade 12 credits
- NOTE: Once registered, student must commit to complete this 64 consecutive-week (16 month) program. AME license will be granted by Transport Canada when required work experience is achieved and applicant reaches age 21.
- **Check with Career Programs Office for program start date (likely early fall or late spring start date in Grade 12)

CONSTRUCTION ELECTRICIAN Full-time Semester 2 @ BCIT (Delta Satellite Campus) - January - July

This ITA foundation program leads to a Certificate of Completion for Level 1 technical training in this trade. Construction Electricians plan, design, assemble, install, alter, repair, inspect, verify, commission, connect, operate, maintain and decommission electrical systems. Electrical systems provide heating, lighting, power, alarm, security, communication and control in residential, commercial, institutional, industrial, transportation, marine and entertainment environments.

Upon successful completion of this foundation program, students will achieve technical training credit for the first of four levels towards Red Seal certification and can seek employment as apprentices.

PROGRAM PREREQUISITES

- Any Math 11 (min 60%) AND a Language Arts 11 (min 67%)
- AND Physics 11 (min 67%)
- Successful results on math and reading assessments
- Relevant ADST (Tech Ed) course work an asset (e.g. electrical)
- Good hearing eyesight and hand-eye coordination

CREDITS AND CERTIFICATION EARNED

- Pass course work to earn Level 1 technical training certification (Certificate of Completion) + credit for 350 work-based hours
- Receive 20 credits (5 courses) at Grade 12 level

JOINER (CABINETMAKER) Full-time Semester 1 or 2 @ BCIT (Burnaby)

This ITA foundation program leads to a Certificate of Completion for Level 1 technical training in this trade. Joiners may work in a wide variety of specialties such as cabinetmaking, architectural woodwork (millwork), furniture making, boat interiors and store fixture manufacturing. They use manual and CAD layout or manual and CNC/CAM machines to assemble, install and finish articles that are fabricated with wood, plastic and/or other materials, and are intended to be used as architectural woodwork, millwork and furniture.

Upon successful completion of this foundation program, students will achieve technical training credit for the first of four levels towards Red Seal certification and can seek employment as apprentices.

PROGRAM PREREQUISITES

- Any Math 11 AND a Language Arts 11
- Proven mechanical aptitude, detail oriented; good physical shape
- Completion of ADST (Tech Ed) Woodwork course an asset
- Successful result on math and reading assessments

CREDITS AND CERTIFICATION EARNED

- Pass ITA exam and course work to earn Level 1 technical training certification (Certificate of Completion) + credit for 475 work-based hours
- Receive 24 credits (6 courses) at Grade 12 level

METAL FABRICATION Full-time Semester 2 @ BCIT (Burnaby) - January - July

The Metal Fabrication (Fitter) foundation program, leads to a Certificate of Completion for Level 1 technical training in this trade. Using ferrous and non-ferrous metals, fabricators deal with the selection, layout, shearing, cutting, punching, drilling, forming, fitting and welding of steel plates and structural steel shapes into products for the forest, mining, construction, transportation and agricultural industries. Typical projects that involve metal fabricators include bridges, buildings, hoppers, conveyors, towers, cranes, heavy-mining equipment, logging equipment, and ship parts and equipment.

Upon successful completion of this foundation program, students will achieve technical training credit for the first of three levels towards Red Seal certification and can seek employment as apprentices.

PROGRAM PREREQUISITES

- Any Math 11 AND a Language Arts 11
- Successful results on math and reading assessments
- Relevant ADST (Tech Ed) course work an asset
- Good hand/eye coordination and physical condition an asset

CREDITS AND CERTIFICATION EARNED

- Pass course work to earn Level 1 technical training certification (Certificate of Completion) + credit for 450 work-based hours
- Receive 20 credits (5 courses) at Grade 12 level

AUTO COLLISION REPAIR TECHNICIAN Full-time Semester 2 @ VCC (Broadway) - January - August

This ITA foundation program leads to a Certificate of Completion for Level 1 technical training in this trade. The program uses modern equipment and techniques to train students in a wide range of skills appropriate to this industry. The VCC auto body shop is outfitted with computer-guided frame straighteners, laser measuring systems, and the latest welding equipment. More than 75 per cent of the program is spent working on the auto body shop floor. Projects are done in small teams that simulate the workplace.

Upon successful completion of this program, students will achieve technical training credit for the first of three levels towards Red Seal certification and can seek employment as apprentices.

- PROGRAM PREREQUISITES**
- Any Math 11 AND a Language Arts 11
 - Relevant ADST (Tech Ed) course work
 - Mechanical aptitude, interest and experience
 - Successful result on district math assessment
- CREDITS AND CERTIFICATION EARNED**
- Pass course work to earn Level 1 technical training certification (Certificate of Completion) + credit for 625 work-based hours
 - Receive 24 credits (6 courses) at Grade 12 level
 - Work experience practicum during program (students find own job)

AUTO REFINISHING PREP TECHNICIAN Full-time Semester 2 @ VCC (Broadway) - January - August

This ITA foundation program leads to a Certificate of Completion for Level 1 technical training in this trade. This involves working on the surfaces of motor vehicles, primarily in the preparation for restoring vehicle finishes once body work has been completed and prior to painting. Some of the duties include: removing layers of sub-coating, mixing undercoats; preparing metal surfaces for painting by spot filling, sanding, and masking; applying primers, and primer surfaces; and cleaning and polishing painted surfaces. More than 75 per cent of the program is spent working on the auto body shop floor.

Upon successful completion of this foundation program, students will achieve credit for Level 1 Technical Training towards Red Seal certification and can seek employment as apprentices.

- PROGRAM PREREQUISITES**
- Any Math 11 AND a Language Arts 11
 - Relevant ADST (Tech Ed) course work an asset
 - Good manual dexterity, respiratory health and normal colour vision
 - Good hand-eye coordination, eyesight, and line, form & depth perception
 - Successful result on district math assessment
- CREDITS AND CERTIFICATION EARNED**
- Pass course work to earn Level 1 technical training certification (Certificate of Completion) + credit for 490 work-based hours
 - Receive 16 credits (4 courses) at Grade 12 level
 - Work experience practicum during program (students find own job)

BAKING AND PASTRY ARTS *Full-time Semester 1 @ VCC (Pender) - August - January

***Must apply by first deadline (END OF FEBRUARY IS PREFERRED) - PROGRAM STARTS IN AUGUST AFTER Gr. 11**

This ITA foundation program leads to a Certificate of Completion for Level 1 technical training in this trade. Bakers prepare doughs, batters and other ingredients leading to the production of breads, cakes, pies, cookies and other baked goods. Applicants must participate in a one-week practical interview in the VCC kitchen in March. Interviews are the first week in May with the VCC baking department. (Program starts in the summer between Grades 11 and 12)

Upon successful completion of this foundation program, students will achieve technical training credit for the first of three levels towards Red Seal certification and can seek employment as apprentices.

- PROGRAM PREREQUISITES**
- Any Math 11 (minimum C+) AND a Language Arts 11
 - FoodSafe Level 1 Certification + 1 week practical interview
 - Successful result on math assessment + VCC instructor interview
 - Strong attendance / punctuality record; can stand for long time
 - Completion of ADST (Food) course
- CREDITS AND CERTIFICATION EARNED**
- Pass ITA exam and course work to earn Level 1 technical training certification (Certificate of Completion) + credit for 900 work-based hours
 - Receive 24 credits (6 courses) at Grade 12 level
 - Must do 120 work experience hours - student arranges on own

CARPENTRY (FRAMING AND FORMING) Full-time Semester 1 or 2 @ BCIT (Burnaby)

This ITA foundation program leads to a Certificate of Completion for Level 1 technical training in this trade. Carpenters construct, renovate and repair structures made of wood, steel, concrete and other materials. While conforming to plans, specifications and building codes they may work on residential, civil, institutional, commercial and industrial projects. Training prepares students for entry-level employment in the carpentry trade. Basic theory and related information along with hands-on shop practice enable students to become competent in basic carpentry tasks.

Upon successful completion of this foundation program, students will achieve technical training credit for the first of four levels towards Red Seal certification and can seek employment as apprentices.

- PROGRAM PREREQUISITES**
- Any Math 11 AND a Language Arts 11
 - Completion of ADST (Tech Ed) Physics 11 course an asset
 - Proven mechanical and mathematical aptitude
 - Formal investigation, analysis and problem solving
 - Successful result on district math assessment
- CREDITS AND CERTIFICATION EARNED**
- Pass course work to earn Level 1 technical training certification (Certificate of Completion) + credit for 425 work-based hours
 - Receive 16 credits (4 courses) at Grade 12 level

INDUSTRIAL MECHANIC (MILLWRIGHT) Full-time Semester 2 @ KPU (Cloverdale) - January - July

Through this ITA foundation program, students are provided opportunities to apply the practical skills taught in hand, power and machine tool use, and perform various shop projects in stationary industrial machinery and mechanical equipment maintenance, troubleshooting, overhauling and installation. Students will be trained in the use of lathes, milling machines and grinders to make customized parts or repairs.

Upon successful completion of this program, students will achieve technical training credit for the first of four levels towards Red Seal certification and can seek employment as apprentices.

- PROGRAM PREREQUISITES**
- Any Math 11 AND a Language Arts 11
 - Completion of ADST (Tech Ed) Physics 11 course an asset
 - Proven mechanical and mathematical aptitude
 - Formal investigation, analysis and problem solving
 - Successful result on district math assessment
- CREDITS AND CERTIFICATION EARNED**
- Pass course work to earn Level 1 technical training certification (Certificate of Completion) + credit for 350 work-based hours
 - Receive 20 credits (5 courses) at Grade 12 level

PAINTING AND DECORATING (COMMERCIAL) 6 weeks at FTI (Surrey) - Mid-June - July

This ITA Level 1 technical training program provides an overview of the painting industry. Students are introduced to common coatings, surface preparation techniques, and proper use of the tools and materials used in this trade, including aerosol spray. An extensive safety program includes respirator training, fall protection, ladder and scaffold training, elevated platform training and WHMIS.

Upon successful completion of this foundation program, students will achieve technical training credit for the first of three levels towards Red Seal certification and can seek employment as apprentices.

- PROGRAM PREREQUISITES**
- Any Math 11 AND a Language Arts 11
 - Good colour vision, and interest in mechanics
 - Ability to stand for lengths of time and work at heights
- CREDITS AND CERTIFICATION EARNED**
- Pass ITA exam and course work to earn Level 1 technical training certification (Certificate of Completion)
 - Receive 4 credits (1 course) at Grade 12 level

SHEET METAL Full-time Semester 1 @ BCIT (Burnaby) - September - January

This ITA foundation program leads to a Certificate of Completion for Level 1 technical training in this trade. Students are exposed to common welding processes and learn how to fabricate, assemble, alter and install sheet metal. Areas of work may include HVAC, Heating, Ventilating and Air Conditioning ductwork, industrial and residential sheet metal work. Work is also found with hospital and kitchen equipment (stainless steel), industrial exhaust systems, industrial sheet metal work, and roofing and flashing (copper, aluminum, stainless steel and galvanized iron).

Upon successful completion of this foundation program, students will achieve technical training credit for the first of four levels towards Red Seal certification and can seek employment as apprentices.

- PROGRAM PREREQUISITES**
- Any Math 11 AND a Language Arts 11 (min 67% or 50% for English)
 - Successful results on math and reading assessments
 - Relevant ADST (Tech Ed) course work an asset
 - Good physical condition and able to work at heights
- CREDITS AND CERTIFICATION EARNED**
- Pass course work to earn Level 1 technical training certification (Certificate of Completion) + credit for 350 work-based hours
 - Receive 20 credits (5 courses) at Grade 12 level

WELDING Full-time Semester 2 @ KPU (Cloverdale) - January - August

Through this ITA foundation program, students will achieve the necessary skills and knowledge to work safely and effectively using a variety of welding processes and procedures. This program prepares graduates for work with companies that manufacture structural steel and plate work, boilers, heavy machinery, and other ferrous and non-ferrous metal products. At the end of the Foundation program students will write the Welder Certificate of Completion exam.

Students who complete the Foundation program and exam are eligible for ITA credit in Welder Level 1 and Level 2 technical training and 300 work-based hours. Students must commute daily to Kwantlen Polytechnic University Cloverdale campus and are encouraged to have their own driver's license.

- PROGRAM PREREQUISITES**
- Any Math 11 AND a Language Arts 11
 - Completion of ADST (Tech Ed) course
 - Mathematical aptitude, detail-oriented and good hand-eye coordination
 - Successful result on math assessment + KPU instructor interview
- CREDITS AND CERTIFICATION EARNED**
- Pass ITA exam to earn Level 1 technical training certification (Certificate of Completion) + credit for work-based hours
 - Receive 24 credits (6 courses) at Grade 12 level

To All Grade 10/11/12

Many post-secondary institutions offer virtual tours/information sessions. You can also make an appointment to meet with an Academic Advisor before you register for courses. Visit post-secondary websites for details, and to register if necessary to check out the campus.

General admission requirements
English language requirement
Quantitative and analytical requirement
 Four to Six approved Grade 12 courses, including English Studies 12 (min 70%) or equivalent. Admission is based on an evaluation of all approved Grade 11 and 12 courses.

COMING SOON COMING SOON

RICHMOND RCMP

YOUTH ACADEMY

Ever Thought About a Career in Policing?

In the 2021/2022 school year the Richmond RCMP will be hosting a Youth Academy to provide a select number of Grade 11 and 12 Richmond students with a unique, first hand experience with policing.

You will learn about the core values of the RCMP, applied police sciences, law and the criminal code, fitness as well as drill & department.

Use the summer months to keep fit and improve your conditioning to ensure you're at your best when you apply in September.

This academy will be a four day camp providing students with an immersive look at the physical training and mental requirements to be a police officer.

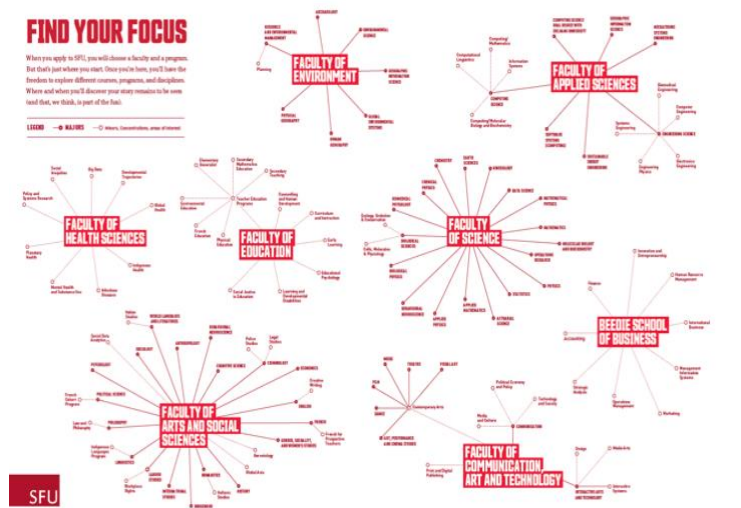

GET READY!

More information coming by September at <http://careerprograms.sd38.bc.ca> and @sd38careers (Twitter/Instagram)

PARTNERSHIP WITH SFU GIVES DOUGLAS COLLEGE ENGINEERING GRADS THIRD OPTION TO COMPLETE BACHELOR'S DEGREE

Douglas College Engineering students can now complete their bachelor's degree at Simon Fraser University's new [School of Sustainable Energy Engineering \(SEE\)](#).

Effective January 2021, graduates of the Douglas College [Engineering Foundations Certificate](#) program who meet the GPA and other requirements have a guaranteed transfer pathway into the second year of SEE's [Bachelor of Applied Science](#) program.

The pathway is in addition to existing pathways for Douglas graduates to the schools of [Engineering Science](#) and [Mechatronic Systems Engineering](#) at SFU.

OCTOBER EVENTS

October 1st most Post-Secondary Institutions Admissions open for Fall 2022
<https://www.kpu.ca/find-your-program>

OCT 14/21 – Discover UVic 5-6 pm – Are you thinking about studying at UVic, then join them for an online event to learn what it truly means to be a UVic student. You'll explore the possibilities of what a UVic education has to offer. You'll hear about co-op programs and why hands-on learning is so important, how you can engage with your surroundings, and how the UVic community can inspire you to succeed.

RE/MAX 2022 Quest for Excellence®

The Quest for Excellence program is a bursary program for grade 12 students in Western Canada. It was established by RE/MAX of Western Canada to recognize the success and ongoing pursuits of Western Canadian students in regard to leadership and community contribution initiatives.

What is Awarded?

RE/MAX of Western Canada will award 16 bursaries of \$1,000 each to qualifying Grade 12 students. In addition, each award includes a Certificate of Excellence signed by the Regional Executive Vice President of RE/MAX of Western Canada. Winners will be notified in April 2022.

Who Can Participate?

The Quest for Excellence is open to all Grade 12 students attending high school from September 2021 – June 2022. Grade 12 students may not have participated in graduation commencement ceremonies in the past. Applicants must be a resident of one of the following provinces/territories:

- British Columbia
- Alberta
- Saskatchewan
- Manitoba
- Yukon Territory
- Northwest Territory

What is Required?

Students are to convey the contributions they have made to their communities in a short online essay, maximum 1,250 words. Key qualities students should demonstrate are leadership, motivation and communication skills. Other attributes may include volunteering, participation in charitable events or fundraising, and contributions that enrich the lives of others and their communities.

[SUBMIT ESSAY HERE](#)

RE/MAX 2022 Quest for Excellence program will open for submission on September 13th, 2021 until March 14th, 2022.
For questions regarding this program, please email ksheppy@remax.net
Note: All entries become the property of RE/MAX of Western Canada and photos and names of winners may be used in print publications and media.

**BECOME A HOMESTAY
AT THE RICHMOND SCHOOL DISTRICT**

The Richmond School District is seeking short and long term homestays for international students from over 30 countries starting immediately.

We have over 20 years of experience supporting students and homestays in the Richmond area. Get in touch with our homestay department to learn more about how you can welcome an international student into your home.

**THEATRE COMPANY
FUNDRAISER
BOTTLE DRIVE**

Simply drop off any recyclable drink containers in a clear bag to a ReturnIT facility (like Blundell Centre) and print off a sticker with this code:

1234567890

and all funds will go towards supporting theatre for students at Burnett. Or bring it in to the school- your choice. So easy and it makes a big difference! Thank you!

**BECOME A HOMESTAY at the
RICHMOND SCHOOL DISTRICT**

RICHMOND
INTERNATIONAL EDUCATION
ENRICHING GLOBAL MINDS

Be a host for an international student for a month, semester or year. Richmond International Education (RIE) Homestay Program is looking for local families to offer a welcoming home.

Contact us to find out more about this enriching opportunity.

parent advisory council

Hi Parents,

Happy October!

Thank you for joining the first PAC meeting in September. We were very happy to meet the new parents of our Grade 8 students.

We were saddened to hear of Mr. Gault's passing this past summer. He was a teacher that inspired students whom he taught at Burnett several years ago. As stated on his memorial page, his family is accepting donations in David's memory. All proceeds may be made to the Canadian Mental Health Association at cmha.ca

David Gault's Memorial Page: <https://www.dignitymemorial.com/obituaries/vancouver-bc/david-gault-10343094>

Our Mission in October:

- PAC Meeting: October 7, 2021 at 7:00 pm
- Annual PAC Budget Approval

Dry Grad:

- We are seeking for a Dry Grad Chair member!
- If you are interested in being involved in your kid's big day and party, please kindly email me at connie_bobo@hotmail.com and I will connect you to the Grade 12 Parent's committee.

Connie Huang
PAC Chair
