**Championing Students and Their Learning**  
It's time to celebrate! This is the last week of classes at JN Burnett Secondary School for the 2023-2024 school year. It has been a successful school year for many students and their teachers.

Throughout the school year, our values have guided us and provided us with meaning in our work, our learning and our daily lives. As educators, we have exemplified our values and supported the learning of every student. We have been encouraged by the growth and progress of all students. Our focus has been on supporting learners, our colleagues, and our educational community.

Together, students and teachers have shown determination, resilience, and courage. We have not settled; we have given our best effort every day. We have strived to do our best for our students and our community. Our unwavering hope and faith during all the ups and downs have brought us to this final week. We achieved this together and we did it for each other, our students, and our community. **Championing Students and Their Learning**
