Dear Parents/Guardians,

Your child has indicated a desire to take part in the Burnett Ski and Snowboard Club for the 2024/2025 school year. This letter and attached notices provide you with the details of upcoming trips. This year we have arranged four after school trips to Grouse Mountain in West Vancouver.

Starting Wednesday February 5th, then continuing the following Wednesdays, students will participate in four sessions of skiing or snowboarding at Grouse Mountain. Sessions have been booked for: **February 5th, February 12th, February 19th and February 26th 2025**. Students will be transported to and from Grouse Mountain by the *TR-AXX Bus Lines Company*. Students will depart Burnett at **2:45pm SHARP**. On each of the four ski/snowboard club days, students will have a **1.5-hour lesson (4:30-6:00pm)** provided by professional instructors (novice through expert lessons available). Participation in these lessons is a mandatory requirement of being a member of the club. Students will then have an additional two and a half hours of time for dinner (**not provided in the cost**) and skiing or snowboarding with their fellow club members. Departure from the mountain will be at **9:00pm SHARP** with an estimated time of arrival at Burnett of 10:00pm. Students are expected to follow all school rules and be **ON TIME** for all bus departures. Please Note: The Grouse Mountain Tram operates every 15 minutes. Students must take this into consideration when leaving the mountain top ski area. Students who cannot meet these expectations will have their ski/snowboard privileges revoked at their own expense. Please note that all times are approximate, as actual travel times will vary due to road conditions and traffic.

- The club is open to all levels of skiers and snowboarders and is a wonderful opportunity for students to develop skills in a lifelong leisure activity. Students are expected to provide their own ski/snowboarding clothing (pants, gloves, jacket, etc). There is an option for students to rent skis, poles, boots, snowboard, and bindings if they do not have their own. **Helmets are mandatory for all skiers and snowboarders and can be provided by Grouse Mountain.**
- Space is limited for this program as bus capacity dictates the number of students that can partake in the club. Registration for the club will be done on a first come, first served basis. The first **50 participants** with all completed forms will be first considered go on the list. Once payment is made then a spot will be secured for the **GROUSE MOUNTAIN SKI TRIPS**. Please return all forms to **Ms. Kozij** in room D212. Costs may rise if we do not fill the charter bus to maximum capacity.

Expectations:

- As this is a school sponsored activity, all school rules apply to students.
- Skiing/Snowboarding can be a high-risk activity and requires maturity and responsibility from all participants to ensure the safety of self and others.
- There is an expectation of **timeliness**. Students need to load the bus and tram on time.
- Students will be responsible for maintaining all schoolwork requirements while participating in this club.

If expectations are not met, students may lose the privilege to participate or continue in the program.

Please note: Lessons that are cancelled due to weather will be rescheduled by the mountain staff.

The cost of the 4-day Grouse Mountain Program is as follow (taxes included):

Ski/Snowboard – Lesson, Staff and Transportation, Lift Ticket, Rental	= \$460
Ski/Snowboard – Lessons, Staff, Transportation and Lift Ticket (no rental)	= \$365

POST ON FRIDGE
BURNETT SKI/SNOWBOARD CLUB OUTLINE 2024/2025

(PARENTS: PLEASE ENSURE THAT YOU ARE ON TIME TO PICK UP YOUR SON OR DAUGHTER)

*****Please note that times are all approximate as actual travel times will vary depending on road conditions, late-comers, etc.*****

NOTES:

Prior to the first trip, club members will participate in a school-based session to review: appropriate mountain clothing, a mountain safety video entitled “Respect,” appropriate fitness requirements, the Alpine Responsibility Code and the layout of the downhill terrain at Grouse Mountain. Safety while skiing and boarding are key issues that will be discussed during this session and during student’s lessons. However, skiing and snowboarding are sports that can potentially cause injury to participants.

Sponsor teachers will be in constant contact with mountain staff to respond to any injuries or First Aid issues that may arise. Every effort will be made to contact parents in these cases; however, if contact cannot be decided on the mode of transportation and the destination of the injured student will be made by a sponsor teacher in consultation with the mountain’s first aid attendant.

During free time, all ski and snowboard club participants must be with at least one other member of the club. No person can ski/snowboard alone. It is the responsibility of the students to ensure they are skiing/snowboarding under control, and on terrain that matches their ability level. No club member is to ski or snowboard in areas marked “out of bounds.” Helmets are included in program costs for all participants and are mandatory for all students.

Ski clothing and meals are not included in program costs.

All students must be prepared to leave the mountain by reporting to the bus by 8:45pm. Any student who delays the departure of the bus may be charged for additional costs levied by the bus company.

Failure to abide by school and mountain rules or cooperate with mountain and school staff may mean a loss of ski/snowboard privileges and fees.
