WHAT MAKES A GOOD SIDE-HUSTLE?

A Zoom-based entrepreneurship workshop for grade 9-12 students from UVC's Gustavson School of Business

- Side hustles are micro businesses you can run out of your home to make some money
- How do you know if you have a good idea for a side-hustle business?
- Learn from UVC professors on how to evaluate side-hustles and other new business ideas
- Consider applying what you learn in the session in your own side-hustle this summer

See what a university entrepreneurship class is like and learn why you might want to consider UVC's Gustavson School of Business.

This free entrepreneurship workshop for students allows attendees to test drive what it's like to be in a UVC Business classroom. This workshop is being led by Entrepreneurship faculty members Brock Smith and Claudia Smith, and will give you a taste of Gustavson and entrepreneurship through a fun and engaging session.

This workshop is a good fit if one or more of these apply to you:

- You are in grades 9-12.
- You've seen some neat ideas on Tik Tok or Insta and wonder about doing something similar.
- You want to learn some entrepreneurial skills, or about business in general.
- You are interested in what a university class might be like.
- You and your friends want to make some money next summer with an idea of your own.

Wednesday, October 15th at 6:00 pm (PST)
