CCSS - Indigenous Programs - Free Photo Session

INDIGENOUS FAMILY PHOTO PROJECT

Historically Indigenous people have not always been captured in photos and media with the best stereotypes.
Indigenous families are encouraged to take family photo sessions with our professional photographer.

Shadae Johnson is very kind to share some feathers, ribbon skirts, vest, indigenous print blankets as props and Indigenous clothing to the families.

Indigenous Families are welcomed, Free Session For Indigenous Clients of CCSS

- Professional Photography
- Family Photography
- Indigenous Photography
- Headshot Photograph
- E-copy of photos will be sent to the families via emails

Indigenous Regalia may be shared with the families during the photo session.

Dates: Oct 30, Nov 14, Dec 12, 2026

Coping Skills Group

(Dialectical Behavioural Therapy – Informed)

Groups offered every season

In-person at Foundry Richmond

Willingness is listening very carefully to your Wise Mind, and then acting from your Wise Mind.

This group provides youth with a sampling of coping skills (DBT-informed) to help gain a better understanding of mindfulness, how to better regulate emotions and how to tolerate distress. This is a psychoeducational group, meaning that you will learn and practice skills in the group and talk about how you can apply or have applied these skills in your life. This is a **skills-based group for youth who have difficulty regulating emotions**. It is **not** a support group where you share details/traumas about your life. Completing optional weekly homework assignments increases effectiveness of skills learned. If suicidality (e.g. high-risk suicide and recent hospitalization) and frequent substance use is a primary concern, this group/service may **not** be suitable for you. Exceptions can be made if you are working regularly with a primary clinician/counsellor who is willing to collaborate with the group facilitator to ensure effectiveness of treatment.

- **8 Sessions (2 months), 2 hours in duration**
- **Once a week (not on holidays)**
- **Participants will get a workbook/weekly assignments for their personal growth**
- **Age eligibility 13-18 years old**
- **Location: 101-5811 Cooney Rd, Richmond (Richmond Foundry)**

MindShift CBT Group for Anxiety

Cognitive Behavioural Therapy program delivered by Vancouver Coastal Health

Groups offered every season

MindShift™
CBT GROUPS

In-person at Foundry Richmond

Learn and apply tools to cope with anxiety

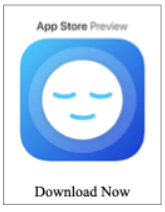

During group, youth will learn how anxiety works and why people experience it. Participants will learn how to manage anxiety using **free MindShift CBT app (previously endorsed by Anxiety Canda)**. Youth will explore behavioural strategies to help reorient thinking, taking action, and making lasting positive change. **Participants will need a working cell phone, Wi-Fi access, and need to download the free MindShift CBT app to use during group sessions**. If suicidality (e.g. high-risk suicide and recent hospitalization) and frequent substance use is a primary concern, this group/service is **not** suitable for you. Exceptions can be made if you are working regularly with a primary clinician/counsellor who is willing to collaborate with the group facilitator to ensure effectiveness of treatment. This group is **not a** primary treatment for Obsessive Compulsive Disorder (possible adjunct treatment only).

- **8 Session (approx. 2 months),** 2 hours/week
- **Once a week** (not on holidays)
- **Age eligibility 13-18 years old**
- **Location: 101-5811 Cooney Rd, Richmond** (Richmond Foundry)

The **Queer & Trans Resilience Group** is a group where youth will be invited to learn skills to **affirm** and navigate sexual orientation and gender expression. The group is intended to be led and supported by **2SLGBTQIA+** identified staff and allies. Youth will explore what identities shape their resilience as queer or trans. Youth will explore specific messages they have learned about their sexual orientation, gender, and important identities (e.g., race/ethnicity, social class, disability, etc.). Group members will learn how to identify their self-worth and grow their self-esteem and speak up for themselves as an 2SLGBTQIA+/Queer person. Youth will be invited to explore how they feel about their body and how to affirm their physical self. Moreover, youth will develop skills in standing up for themselves and being assertive, learn what helps them be resilient and how to get their needs met. Youth will have an opportunity to reflect on how feeling hopeful can grow resilience, learn new/different things about themselves, and explore how resilience can be related to helping others and getting involved in positive social change. Lastly, youth will set resilience goals for practicing self-love, self-growth, and self-reflection to thrive in life as 2SLGBTQIA+ person. This group will be held at Foundry Richmond (101-5811 Cooney Rd., Richmond, BC).

Themes that may be explored in group:

Week 1: Defining [or not] Your LGBTQ Self in a World That Demands Conformity
Week 2: You Are More Than Your Gender and Sexual Orientation
Week 3: Further Identifying Negative Messages
Week 4: Knowing Your Self-Worth
Week 5: Standing Up for Yourself
Week 6: Affirming and Enjoying Your Body
Week 7: Building Relationships and Creating Community
Week 8: Getting Support and Knowing Your Resources
Week 9: Getting Inspired
Week 10: Making Change & Giving Back
Week 11: Growing & Thriving
Week 12: Celebrating YOU and Continuing Conversations
